## Re: PFA Tubing Regulatory Statement

---

### Animal Derivatives, Plant Derivatives, BSE/TSE Statement

Based on the information made available to us by our material suppliers, the above product does not contain materials of animal origin.

### California Prop 65

Based on the information supplied to us by our material suppliers, the above product is not expected to contain materials listed in California Proposition 65.

### Presence of Substances

Based on the information made available to TBL Plastics by its material supplier, none of the following compounds are intentionally added in as a 'raw material' or as a 'process aid' to the above product:

- Bisphenol A (BPA)
- Melamine
- Natural latex rubber (NRL)
- Phthalates
- Cyanuric Acid
- N-Nitrosamines
- PVC

### REACH

Based on the information made available to us by our material suppliers, Perfluoroalkoxy (PFA) in the form of finished articles is not expected to emit or release chemicals under normal circumstances and is therefore exempt from REACH registration.

## RoHS

Based on the information made available to us by our material suppliers substances listed within RoHS are neither used as raw materials nor intentionally added to the TBL Performance Plastics product listed above. Thus, we believe that this product meets Directive 2002/95/EC ("RoHS").

The information submitted is valid as of the date of this letter. TBL makes no representations or warranties as to the accuracy of the information contained or referenced herein as of any other date. Most results mentioned above are based on single lots of material. Although a lot-to-lot variance would not be expected to show different results, this data should not be construed as a warranty of fitness for use. Prior to use for any application, the user has the sole responsibility for determining the suitability of these products in any application.
